The Heritage Gift Society is a lifetime membership (unless the gift is later retracted) that honors those persons who recognize Covenant in their estate plans. Most often, estate gifts help build the College's endowment, which provides valuable resources for student scholarships, faculty, and facilities. There are no minimum required gift amounts to join.

We are especially thankful for the following members of the Heritage Society. Each has named Covenant College or the Covenant College Foundation as a beneficiary in their will, defined retirement plan, trust, or life insurance policy.
